

## Who can use it?

If you are the head of household, their spouse, or a non-household member approved to act on behalf of someone else, you can create a MyWABenefits account.

*\*The primary applicant is considered the head of household. Spouses must be on the same program as the head of household.*

## Creating an account is simple!

1

Login with your existing SecureAccess Washington account or create a new one.

2

Provide your name, date of birth, and complete **one-time** registration using your DSHS Client ID, SSN, or combo of other elements.

## Our vision

We want Washington residents to have clarity about their application for benefits so they can more quickly and easily navigate the process and receive the benefits they need.

## Background

MyWABenefits is the first public-facing product of the Integrated Eligibility & Enrollment (IE&E) Modernization Program.

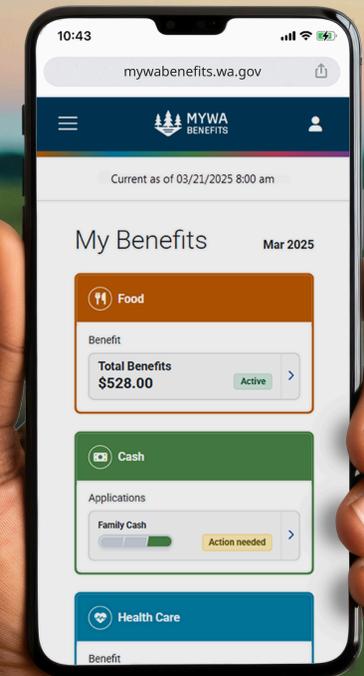

This program is part of the Washington State Health and Human Services (HHS) Coalition.

HHS Coalition organizations:

- Department of Children, Youth, and Families
- Department of Corrections
- Department of Health
- Department of Social and Health Services
- Health Care Authority
- Washington Health Benefit Exchange
- Washington Technology Solutions

IEE 01-007 (04/2025)

Scan QR code or visit  
[mywabenefits.wa.gov](https://mywabenefits.wa.gov)

MyWABenefits is a resource for Washington residents. You can easily track your benefits for multiple programs.

Where you want.  
When you want.

## What does it do?

This new **mobile-friendly** website allows you to:

- Track the status of your application, renewal, or mid-certification review.
- See interview appointment details.
- Opt-in to receive important reminders by text message or email.
- And more!

## Feature Comparison

MyWABenefits and the Washington Connection Client Benefit Account are both great resources. Use this chart to understand the similarities and differences.
