

GOOD NEWS!

FIBER INTERNET SERVICE COMING ONLINE SOON!

Connecting Our Tribal Community with Astound Broadband

Astound Broadband will begin activating fiber optic service to tribal homes where fiber has already been installed.

CONNECTIONS ARE EXPECTED TO GO LIVE WITHIN THE NEXT 1–2 WEEKS.

Astound representatives are currently going door-to-door to help households get connected.

If you've already spoken with someone and scheduled your installation — great!

If not, you can contact **Robert Humphreys** directly to get started. Robert can provide all the details, answer your questions, schedule your installation, and will be your main point of contact for service setup.

CALL OR TEXT: (206) 775-9044

EMAIL: robert.humphreys@astound.com

LET'S GET OUR COMMUNITY CONNECTED WITH FAST, RELIABLE FIBER INTERNET!

Together, we're building stronger connections — one home at a time.
