

Excessive Heat Potential

When we are expecting temperatures to exceed 90 degrees

Please make sure you, your family, and neighbors have plenty of water and a way to keep cool and check on those who may need help.

Our weather can be seen at:

<https://www.wunderground.com/dashboard/pws/KWAOAKVI15/graph/2026-06-15/2026-06-15/daily>

When the temperature exceeds 90 degrees, the Tribe will initiate this plan.

- The Tribe will make available a **Cooling Center** during a heat event.
- The Center will be the **Community Center for use by the community**. The building will be opened by Tribal government staff. (The building may not be staffed.) Food or beverages will NOT be provided and children must be accompanied by an adult.
- The Center will be open from the time of declaration (by the Emergency Manager) until temps go below 90 degrees.
- If after hours (Weekends and after 5pm during the week) community members should call Public Safety at 360-273-7009. Because Public Safety staff also have to respond to calls for Law Enforcement, please understand that help may not be immediately available, but we will do our best to get someone to assist you.

Declarations of Emergency Weather Conditions will be posted on Facebook and by calling our Hotline
